

# Get-Organized **LBC** Leadership Beyond the Classroom

**Simply put, leadership development is an effort that enhances the learner's capacity to lead people. Leading is setting direction and guiding others to follow that direction. A critical skill for leaders is the ability to manage their own learning. Understanding one's disability is the first step in the process. know what accommodations work for them and understand that their disability designation gives them certain rights to services and protection from discrimination. As designed, the implementation of the *Get Organized, Leadership Beyond the Classroom (GO LBC)* will be made possible through course structure. This course is to enhance youth leadership development. <http://www.californiacareers.info/>**
